WHAT IS READI?

READI INSTITUTE BACKGROUND

In November 2011, the The Westchester-Putnam Workforce Development Board appointed an ad hoc committee to examine the attributes that businesses look for when they hire youth and to develop a strategy for how to help youth prepare for the work experience. The committee was comprised of representatives from local colleges, universities, businesses, business membership organizations, youth services organizations, and religious organizations.

The committee's recommendations became READI—an acronym that represents: Respect, Enthusiasm, Articulate, Dependable and Initiative as well as a curriculum to teach these attributes to youth. The curriculum was developed and successfully delivered to a few pilot

organizations serving youth in Westchester and Putnam counties to help youth prepare for the workforce. The Board is now preparing to implement the next phase; training for and distribution of the curriculum on a wider scale.

For maximum impact and efficiency, the Board created the READI Training Institute—a vehicle to be used to Train the Trainers. Volunteers from the counties are being recruited and trained in the instruction of the READI curriculum. These trainers will convene periodic, 2 to 3 day 'train the trainer' sessions for individuals and organizations interested in adopting the READI framework to be used to prepare their youth to enter the workforce.

WHAT DOES READI STAND FOR?

ATTRIBUTE	DEFINITION	
RESPECT	Building Confidence	1. Giving & Earning Respect 2. Personal Well-Being 3. Self Awareness
