Youth Justice Expert Panel on Emerging Adults video & highlights

Missed our expert panel on October 19th about youth justice for emerging adults? Click below to view the recording.

Our event represents an expansion in our youth justice advocacy beyond the younger years, currently addressed through Raise the Age laws, towards the needs of emerging adults 18-25 who have higher

rates of repeated arrests and incarceration. We are thankful to our expert panelists and fellow advocate who led the critical conversation to see how we can better help young adults involved in the justice system.

Here's to a new chapter in youth justice!

WCA and Morgan Stanley host a children's mental health roundtable

Thank you to all of the community partners and service providers who joined us for a fruitful conversation about how we can all better respond to the urgent, mental health needs of children and youth. Thank you also to Christian Templeman for welcoming us to the Morgan Stanley campus in Purchase for this hybrid event.
