

*Dear Friends,*

We have been forced to live differently and adjust to a changed world. Problems that existed for children before the pandemic remain now, some new problems have been exposed, and many more have been magnified.

*Rather than being daunted, we are energized to take advantage of lessons learned from the pandemic and to seize the opportunity for change.*

Through these  
challenging times,  
WCA has remained  
committed to seeking  
improvements for  
children...

Through these challenging times, WCA has remained committed to seeking improvements for children in the following key areas:

### Education

advocating for the **equitable digital access** required to learn in today's world and for **social and emotional supports** to address the mental health crisis of our children.

### Housing and Homelessness

gathering data so we can understand the scale of the problem and fighting for the services needed to get families out of homelessness into **permanent, safe, and affordable housing**.

### Youth Justice

supporting young people who have gotten in trouble so they can return to productive paths in their schools and communities through **age-appropriate, restorative measures**.

### Investments

promoting **governmental funding** that supports and benefits children—including tax credits for families, expanding home visiting and providing mental health services.

WCA tackles these issues head-on because we know our advocacy can improve the lives of Westchester's children. We all need to be bolder in our actions. When we help children, we help all of us.

WCA is ever grateful to our many supporters, donors and volunteers. We will continue to work on behalf of the children of our county, so they remain healthy, safe and prepared for life's challenges regardless of race or zip code.

In partnership,

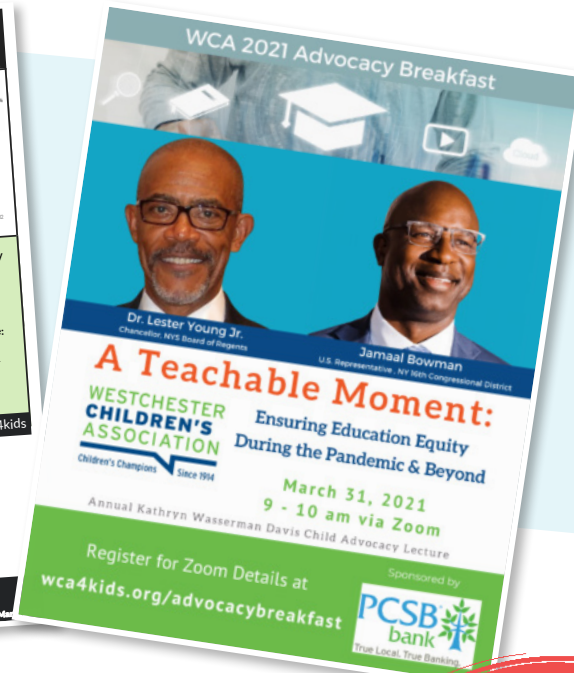

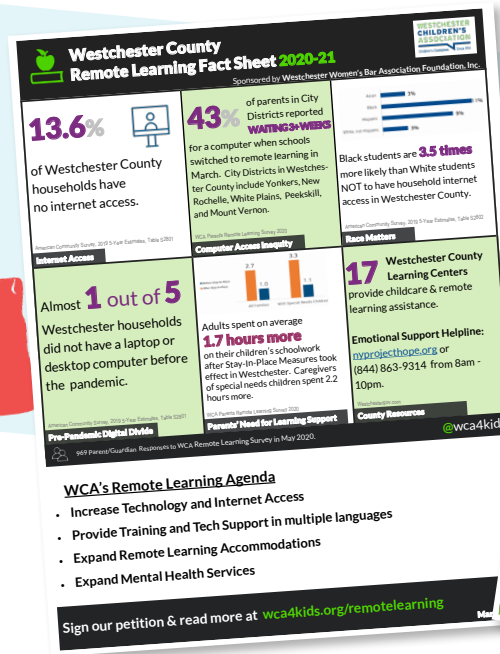

Allison Lake

Ann Umemoto

# Digital Access Equity

Visit our website for more...

## Our Work

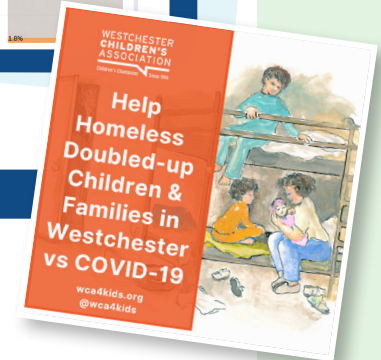

- Hosted the **WCA Advocacy Breakfast 2021 - A Teachable Moment** to bring together Dr. Lester Young Jr., Chancellor of Board of Regents, and Jamaal Bowman, United States Representative to discuss equity for all children in remote learning and general education as a virtual event with hundreds in attendance.
- Created the **Digital Access Survey** for distribution throughout Westchester County in partnership with Pace University and the Digital Access Workgroup of local partner organizations to get post-lockdown feedback from Westchester parents and students about access to the internet, adequate devices, and needed training.
- **Quoted by Lohud newspaper online and in print** on September 23, for our work advocating for remote learning resources and addressing the digital divide that has been widened by the pandemic.
- Produced a **Remote Learning Fact Sheet** that highlighted key indicators of digital access including access to devices and internet connections and launched a Remote Learning Agenda and Petition to increase community awareness and activism.

## Our Impact

Highlighted the needs for digital equity, training, and technical support to decision-makers at state and county levels through public events, targeted research, and fact sheet distribution.

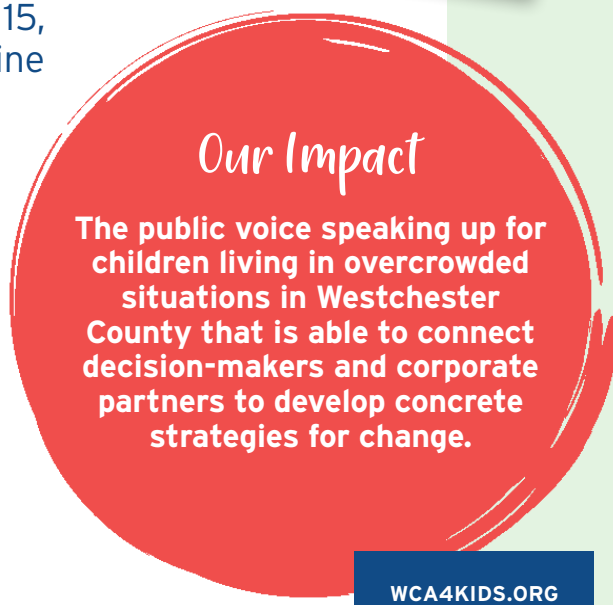

Child & Youth  
Homelessness

Visit our website for more...

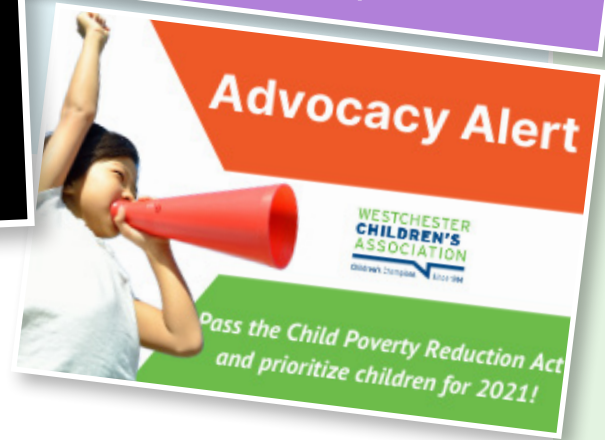

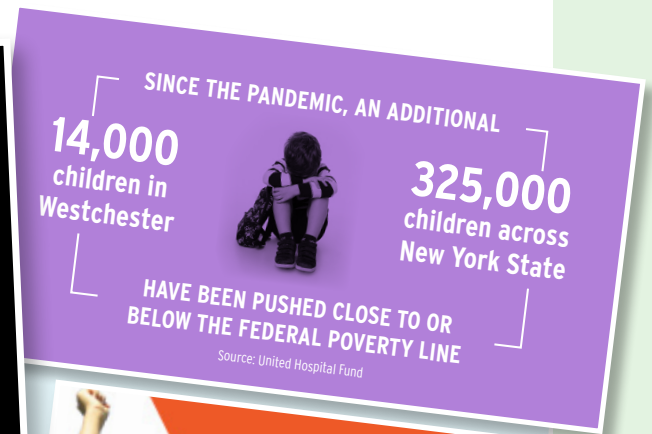

Our Work

- **Front cover feature story in Lohud Newspaper** on December 15, showing WCA's data dashboard on child homelessness with online videos and a multi-page article. WCA's advocacy for a universal definition of homelessness and for more affordable housing options was highlighted in detail.
- Created the **Westchester County Child and Youth Homelessness Data Dashboard (WCCYD)** and presented it to key county decision-makers. The WCCYD tells the full story about child homelessness in our county by school district, age, race, and more using data that was previously not available or was decentralized.
- Launched a **call to action for kids living in overcrowded housing**, catalyzing conversations with key elected officials. Overcrowding does not allow for effective quarantine and staying safe during the COVID-19 pandemic.

Child Poverty

Visit our website for more...

## Our Work

- Invited to join the **Child Poverty Reduction Advocacy Group** in February by Schuyler Center for Analysis and Advocacy (SCAANY). WCA joined this model group, establishing a state-wide agenda and goal to cut child poverty rates in New York in half by 2030. The State Child Poverty Reduction Act was signed into law on December 2.
- Encouraged Westchester residents to participate in advocacy on a federal level to **extend the federal Child Tax Credit expansion** that was implemented during the height of the pandemic which **reduced child poverty rates by one third**.
- Focused state budget advocacy on items which would impact child poverty rates such as the **Empire State Child Tax Credit**, health insurance programs, and **child care subsidies**.

## Our Impact

Leading advocacy about child poverty reduction goals and educating the public to support key legislation and budget initiatives.

### YOUTH JUSTICE PANEL ON EMERGING ADULTS

Hon. Edwina Mendelson,  
First Deputy Chief Administrative Judge  
and Head of NYS Office of Justice  
Initiatives

Hon. Jared Rice,  
Judge, New Rochelle City Court and  
Founder of Opportunity Youth Part of  
the New Rochelle City Court

Hon. Miriam Rocah,  
Westchester County  
District Attorney

Tamika Coverdale,  
DEI, Officer/Senior Trial Counsel  
at The Legal Aid Society of  
Westchester County

Emerging adults, age 18 - 25  
account for roughly  
10% of state population  
**BUT REPRESENT NEARLY  
25% OF ARRESTS IN NYS.**

## Our Work

- Hosted a **Youth Justice Panel on Emerging Adults** in October 2021 composed of four expert panelists, each with state, county, or city-level experience. More than 85 guests participated online and in person for this discussion on how best to help emerging adults (ages 18 to 25) involved in the justice system.
- Joined the stakeholder group for the new **Opportunity Youth Part of the New Rochelle City Court** for young adults in New Rochelle, which aims to tailor court procedures to the needs of emerging adults on a case-by-case basis in partnership with service providers.
- Collaborated with the **Youth Shelter Program of Westchester** and held a youth feedback session regarding the Raise the Age Coalition's decision to restructure and include a broader youth justice agenda.

## Our Impact

Maintained momentum in youth justice advocacy in Westchester County by hosting strategic meetings to persuade elected officials to implement key initiatives of Raise the Age legislation and expand programs that use age-appropriate responses to offenses by those under age 25.

**WCA is the only organization in Westchester County, NY with the expertise, agility, and track record to lead our communities to the transformational changes our children need.**

- **Our reputation** expertise, credibility, and more than a century of victories on behalf of children and youth inspires others to join us in our causes with confidence and enthusiasm.
- **Our knowledge** in research, programs, policies, and data allows us to serve as a valued resource for anyone concerned about children.
- **Our impartiality** improves our effectiveness, since the only criterion that influences our decision is what is in the best interest of children and youth of Westchester and greater New York state.

**WCA – and our children and youth – depend heavily on gifts from individuals. We are able to pivot and respond to changing trends in issues that affect children and stay the course until needed changes are implemented due to this financial independence.**

In 2021, our work on child homelessness was lifted to a new level of public awareness with the creation of the Westchester County Child and Youth Homeless Data Dashboard. Our digital access survey elevated what's necessary to bridge the digital divide. WCA continued to fight for all our children, from early childhood supports to broader youth justice reform.

**We would not be able to do this work without the financial commitment of you, our supporters.**

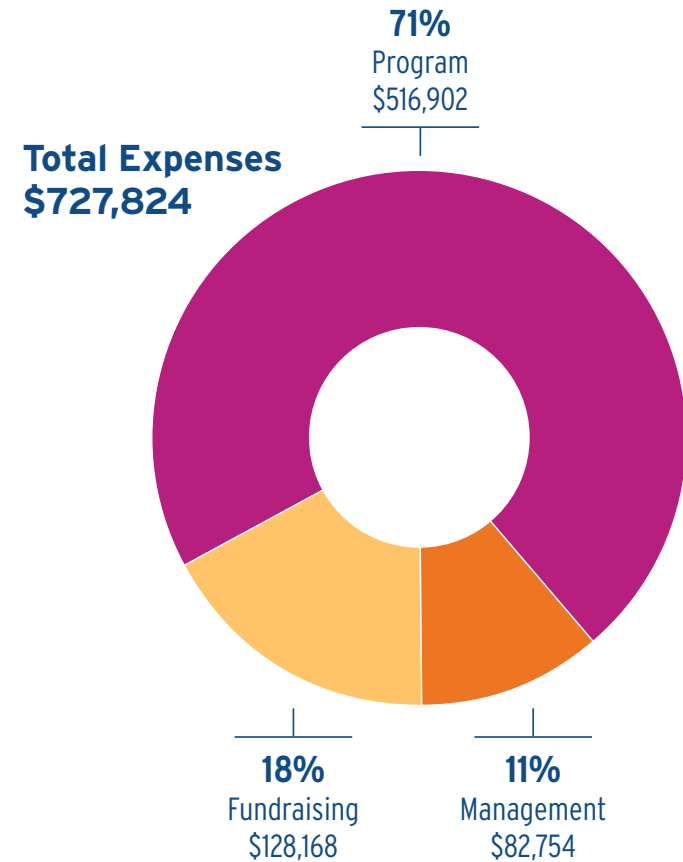

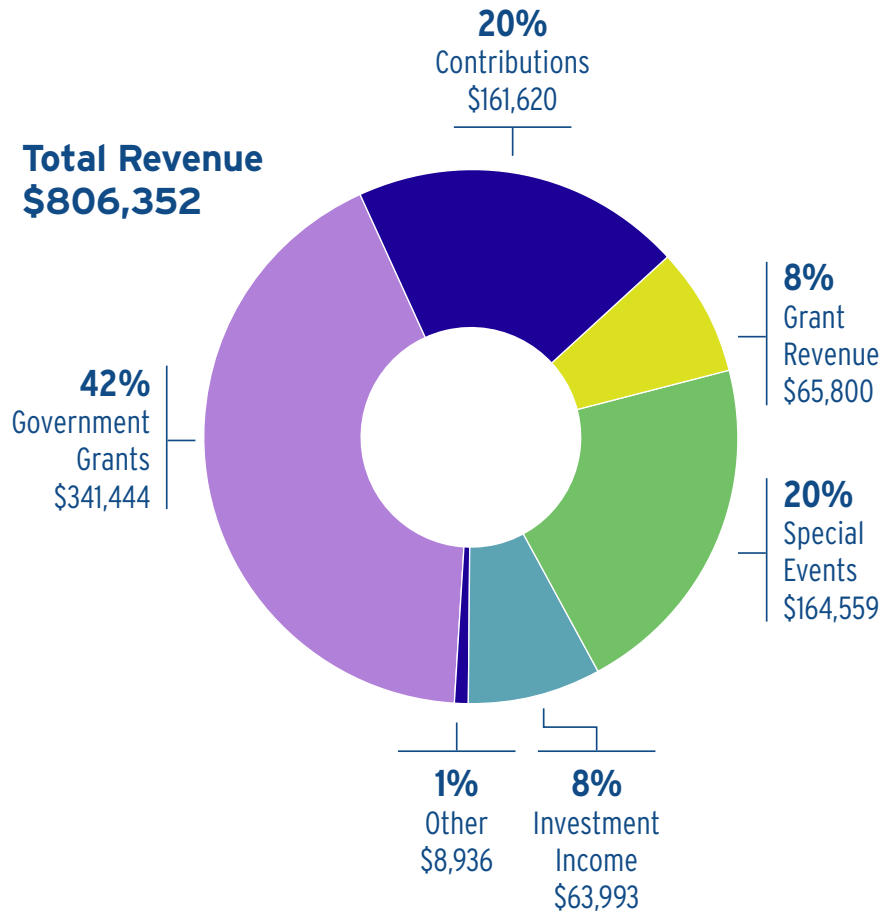

When we invest in kids, we invest in the future.  
When THEY do better, WE do better.

*Thank you for helping to make Westchester a better place to be a child.*

**To make a gift to WCA, go to [wca4kids.org/donate](https://wca4kids.org/donate) ✨**

## Financial Profile for 2021

In 2021, WCA experienced a surplus in the amount of \$78,528. This can be attributed to the forgiveness granted to two Payback Protection Program (PPP) loans administered by the United States Small Business Administration. The Payback Protection Program was designed to lessen the economic impact of the COVID-19 pandemic. This forgiveness is reflected in "Government Grants." As of December 31, 2021, WCA has net assets (assets minus liabilities) of \$2,416,906 and unrestricted assets of \$608,276.

Note: A copy of the complete audited financial statement is available on the WCA website [wca4kids.org](https://wca4kids.org). It may also be requested from WCA or the New York State Attorney General, Office of Charities Registration, 120 Broadway, New York, NY 10271. Go to <https://wca4kids.org/about-wca/financials/>
